**PRIMARY NAICS CODE:**

541611 - Administrative Management Services

## CAPABILITY STATEMENT

**MISSION BOX TECHNOLOGIES LLC** is an SBA-certified SDVOSB that provides tech-enabled administrative, professional, and mission support services, along with cleared workforce solutions, to U.S. Government, defense, and intelligence community partners.

We help organizations execute reliably by combining human ingenuity with technology-enabled processes to keep programs coordinated, compliant, and staffed, while building expanded capabilities in information technology and healthcare support.

## ABOUT US

Shaped by the commitment of our founders, a 20-year U.S. Army veteran and his military spouse. Together, they bring decades of experience serving and supporting military, commercial, and government organizations. Our name is rooted in a standard of excellence learned on recruiting duty. In the Army, “making mission” meant hitting your target. Only the top organizations earned “Mission Box” status, meaning they didn’t just meet requirements – they exceeded them.

We chose the name Mission Box Technologies because we carry that same expectation into everything we do: helping our customers not just meet, but exceed, their strategic objectives.

## OUR VALUES

“The Significant Six”, are not just words on paper - they are the driving force of MBT and guide every decision we make:

**Deliver on  
Commitments**

**Battle-like  
Competitive Spirit**

**Integrity & Honesty**

**Solution-Focused**

**Effective & Speedy  
Communications**

**Continual Self-Development**

## CAPABILITIES

MBT provides tech-enabled mission support, administrative, professional, and cleared workforce solutions as a subcontractor to government and defense partners, with expanding capabilities in IT and healthcare.

- Core:
  - Government Mission Support
  - Administrative & Professional Support
  - Cleared Workforce Solutions
  - Project & Program Management
- Emerging:
  - Information Technology Services
  - Cybersecurity
  - Cloud Solutions
  - Data & Analytics

## OUR FOCUS

### Core Focus Today

#### **Government Mission Support**

- Supporting federal missions with tech-enabled administrative, professional, and operational support for defense, intelligence, and civilian agencies.

#### **Cleared Workforce Services**

- Rapid deployment of cleared and non-cleared professionals for mission support, program support, and technical roles across DoD, the IC, and prime contractors.

#### **Project & Program Management**

- Project coordination and PMO support for government programs, using clear processes, reporting, and stakeholder communication to keep efforts on track.

### Emerging IT & Healthcare Focus

#### **Information Technology Services**

- NAICS-aligned IT support, including systems and application support, delivered with primes and technology partners as opportunities are awarded.

#### **Cybersecurity**

- Compliance-aligned advisory support (e.g., NIST, CMMC, FISMA) available through security partners as part of broader mission support efforts.

#### **Cloud Solutions**

- Partner-delivered cloud architecture and DevSecOps support as our IT services portfolio grows.

#### **Software Engineering**

- Secure software and systems support provided through strategic partners in alignment with contract scope.

#### **Data & Analytics**

- Planned support for data management and analytics services in concert with IT and cloud partners.

## KEY DIFFERENTIATORS

#### **Veteran-Led, Mission-Focused**

- Founded and led by a 20-year U.S. Army combat veteran, bringing military-grade discipline, accountability, and a deep commitment to national security.

#### **Human Ingenuity + Tech-Enabled Processes**

- Experienced operators using technology-enabled workflows to deliver reliable administrative, professional, and mission support services.

#### **Cleared Talent Advantage**

- Integrated with Mission Box Solutions Inc. to rapidly source and deploy cleared and non-cleared talent across DoD, IC, and federal programs.

#### **GovCon-Native, Partner-Friendly**

- Built to plug into prime and subcontract structures as an SDVOSB, with clear scopes, documentation, and communication that reduce friction for partners.

#### **Agile, Accountable Delivery**

- Nimble small-business execution with defined SLAs, measurable outputs, and on-time, in-scope delivery.

#### **Focused Today, Building Tomorrow**

- Core strength in mission support and cleared workforce solutions today, expanding into IT and healthcare support as contracts and partnerships grow.

## AGENCIES & ORGANIZATIONS SUPPORTED

- **Social Security Administration (SSA)** - Program and admin support (via subcontract)
- **StratComm, Inc** - Prime contractor partner
